

Our Father

Without beginning, without an End
Self-existent, Self-containing
Infinity Itself, Itself Eternity
Creating everything, Constituting everything
 Governing, Sustaining, Pervading and
 Containing everything
ONE from Whom all things originate and
 to Whom all things ultimately return
The LIFE of the Universe
Its Creative INTELLIGENCE
Its Governing LAW
Its Infinite LOVE and HARMONY
The SOURCE of all Beings, all Powers
 all Forces, all Laws, and their Fulfillment
Immovable in midst of Eternal Motion
Immutable in midst of Unceasing Changes
Substance of Matter
Essence of Spirit
This is our Eternal FATHER, the MOTHER
 of the Universe also, called NATURE by some
 and worshipped by others
 under the name of GOD.
